An Important Message

To The People Of Newark And Others Interested In Preserving Its Future

Your help is desperately needed to preserve and expand the federally funded programs now going on in Newark, such as the war on poverty, neighborhood youth corps, on-the-job training programs, urban renewal, and a host of others, all of which are in need of many more federal dollars to affect the growth of this city.

Today, some of these programs are imperiled. The war on poverty, and specifically Newark's community action agency, is threatened by proposed changes in the Economic Opportunity Act that would reduce funds and place Newark in the position that existing programs would have to be cut back. These changes may also prevent necessary new programs.

You Can Help In Many Ways...
